

Weekly Newsletter

For Week Ending December 29, 2017

We all hope that you and your family had a Blessed and Very Merry Christmas. With our Store and Client Services only being open two days this week, we were a little slow. We did have good support from the community with the post Christmas sales at The Thrift Store for both days and did receive a good amount in cash donations and from the call out to the community for items to donate for sale at the Thrift Store that went out a little over two months ago, we continued with a tremendous amount of items and clothes that have been being donated since then. These donations are just as good as the cash donations we receive since we utilize the proceeds raised from their sales to go directly to help the community in need. We also utilize them to provide to individuals and families that are in need of clothes or household items to give to them, so it all helps in our mission.

We should be hearing from Worldpay next week and try to negotiate with them to finally replace PayPal. If everything goes well, we hope to have them up and running no later than the end of January. This would be a welcomed change since they have no ties with PayPal and no apparent public ties to Planned Parenthood. I will keep you updated on the

date we hope to change over with them.

Since it has come to the end of the year, that means it is tax season. Any donors wishing a statement of cash donations may either call me at the Store or email me. I will either mail or email them to you, however you chose. They will be sent no later than January 31, 2018, as governed by the IRS Tax Code so you can timely file your taxes. The statement will include our Diocesan Councils IRS EIN which we operate under and you will need to put on your IRS Itemized Form.

Finally, we here at St. Vincent de Paul Society would like to wish you and your family a Happy New Years for 2018!
